COUNTY OFFICIALS SMILE SERENELY

LEGISLATURE GOOD TO THEM AND COURTHOUSE ATTACHES GET SALARY RAISE

A number of clerks and deputies in the courthouse have been jubilant this week owing to an increase of salary. The county government bill passed by the last legislature increasing the salaries of several deputies and county officials went into effect on July 27th. The bill does not effect the officials but the deputies receive their extra pay from July 27th, when the bill became effective. Chief deputy auditor, Edward Stack, receives $125 a month instead of $100; Miss Alice Holden, chief deputy tax collector gets $100 instead of $75; Clement Nash, deputy clerk, receives $125 instead of $100: Miss Marjorie Winter, chief stenographer in the clerk's office, gets $75 instead of $50; Robert Congdon, deputy sheriff, gets $100 instead of $75; William Hogan, chief jailer, receives $100 instead of $75; Clement Shields, who has been a temporary clerk in the auditors office, becomes a permanent deputy at a salary of $75 a month.

SUIT IS DISMISSED

The suit of Joseph Casaretto against Tony Francis has been dismissed in the superior court, the notice of dismissal having been filed by F. A. Reynolds, attorney for the plantiff.

The Rt. Rev. Charles Warren Currier, D. D., titular bishop of Hetalonia, formerly located at Matanzas, Cuba, at present residing in Washington, D. C., and Baltimore, was a guest of Mrs. R. A. This is Bishop Currier's first visit to California and naturally he is very much pleased with the state and particularly the peninsula. He motored to all the points of interest about the bay during his visit. The distinguished prelate departs today for his home. He carrys with him most pleasing impressions of his visit to the coast.

Bshop Currier has been noted for his active interest in national Catholic affairs, having represented the Unted States Government at the Internatonal Congress of Americanists convened at Stuttgart in Wurtemberg, Germany, and twice acted as representative of the Catholic University and the Smithsonian Institute at the International Congress of Americanists, first in Mexico, then at Buenos Aires. He is the author of a number of works and has contributed frequently to the leading Catholic periodicals.

WIFE FILES SUIT FOR MAINTENANCE

BARADAT HUSBAND CLAIMED SURE MONEY MAKER AND ABLE TO PROVIDE

Charging her husband, A. Baradat, wealthy brewery agent of San Mateo, with extreme cruelty, Mrs. Johanna I. Baradat has filed suit in the superior court here in Redwood City for separate maintenance. She alleges that her husband's ncome exceeds $2000 a month, and asks the court to allow her the sum of $200 a month for alimony and the support of their two children ,aged 12 and 11.

Baradats were married at Gretna, Louisiana, on May 9, 1903, and separated June 17, 1917, after living together 14 years. Mrs. Baradat alleges that her husband owns real estate in South San Francisco, has cash in the Burlingame and South San Francisco banks, owns a saloon in South San Francisco with an income of $2500 a month, has an interest in the "Oasis" saloon at Belmont, owns brewery agencies in San Mateo county doing a business of $2500 a month, and has other belongings, consisting of an automobile, an automobile truck, and personal property in the family home on Second avenue, San Mateo.

Mrs. Baradat charges her husband with numerous acts of cruelty, and asks the court for a legal separation. Her suit was prepared by Attorney Joseph J. Bullock.

LASHER B. GALLAGHER NOW COURT STENOGRAPHER

Some time ago Judge Buck appointed a committee from the bar association consisting of J. J. Bullock, and E. F. Fitzpatrick to ascertain the qualifications of Lasher B. Gallagher for the position of official court stenographer. The committee reported favorably on Tuesday and shortly afterwards Mr. Gallagher took the oath of office and is now the official stenographer for the superior court of San Mateo county. For a long time he has been acting as such, his father being the official stenographer, being appointed to that position nearly twenty years ago. He recently retired from active business. The committee did not have to look into young Gallagher's qualifications for he is one of the fastest short hand writers in the country, holding the world's record for speed. However the committee had to be appointed to comply with the statute requiring such examination.

W. G. FAHY RESIGNS POSITION; JOINS SAN FRANCISCO HOUSE

W. G. Fahy the genial and accommodating deputy in the office of Assessor D. P. Flynn resigned his position on Wednesday to take a situation with Marshall-Newall Supply Company of San Francisco. He will be the cashier of the concern which does a large volume of business. Mr. Fahy has been connected with the assessor's office since the appointment of Mr. Flynn two years ago. He is an expert accountant, a clever statistician and a genial man who during his stay in the assessor's office made many friends who are pleased to hear of his good fortune in securing such an attractive position.

G. R. WILLIAMS SUSTAINED BY COURT

DECISION GIVEN FOR DEFENSE IN LITIGATION OVER THE JEWELL ESTATE

Judge Buck during the week decided the case of T.D. Reed, as administrator of the estate of Myra H. Jewell, deceased, against G. R. Williams, as executor of the estate of Truman E. Jewell, deceased, in favor of defendant. The case was submitted some weeks ago. The suit was filed in the superior court on March 10, 1917. The suit was brought to recover the sum of $5,564.74 from the Truman E. Jewell estate. The complaint alledged that when the estate of Henry M. Jewell was settled in 1908 that sum was distributed to Truman E. Jewell for Myra Jewell. She was feeble and old at the time and failed to get the money. Truman E. Jewell was her confidential agent and she put every trust in him. She died in 1910 without receiving the money due from her husband's estate. Truman E. Jewell died in 1916 and shortly after the appointment of G. R. Williams as executor of the estate a demand for the money was made by heirs of Mrs. Jewell but the claim was rejected. Reed was appointed administrator of Myra Jewell estate on December 7 1916. T. E. Jewell left property and cash amounting to over $200,000 which was bequeathed to eastern relatives.

YOUTH GRADUATE FROM REDWOOD AERO SCHOOL

George Feiler of Vancouver, B. C., and L. M. Dudley of San Francisco, were graduated from the local aviation school during the week. Both young men made perfect scores and intend to enter the govermnent school at San Diego. Guy T. Slaughter, vice-president of the Pacific Aero club and official observes of the Aero Club of America, awarded the licenses Monday.

During the year 1916, 10 per cent of the total number of licenses garnted to aviators in the United States were given to graduates of the Christefferson school. The licenses the local graduates receive are recognized in 35 different rountries.

At the present time there are 35 students taking to the air.

STEVENS-DOXSEE WEDDING

A very pretty wedding was solemnized at Pacific Grove Sunday last in the Mayflower Congregational church when Miss Louise Stevens became the bride of Wilbur Doxsee. Rev. C. H. Stevens, father of the pretty bride officiated.

After a brief honeymoon the young couple will take up their residence at Williams, Colusa county, where Mr. Doxsee will teach mathematics in the Williams high school. Mrs. Doxsee has been a teacher in the local grammar school for two years, during that time making many friends both with parents and pupils. She is a clever teacher. Mr. Doxsee is the young son of Mr. and Mrs. C. M. Doxsee of this city. He is a graduate of the local high school and Stanford and for several years has taught in the southern portion of the state. He is a worthy young man with a large circle of friends in this city. The young couple have the best wishes for a long and happy married life.

SEQUOIA UNION HIGH SCHOOL

WILL OPEN FOR 23RD YEAR WITH BRIGHT OUTLOOK ON MONDAY NEXT

On next Monday the Sequoia Union High School will open for its twenty-third year. Except a new teacher of English and Ancient History, Miss Catherine J. Boyle of San Francisco, the teachers are the same as for several years past.

The enrollment last year was 117 and a class of 20, the largest in the history of the school, was graduated. No marked changes will take place. With the new Maual Training Building better facilities are provided than ever before in Drawing, Domestic Science and Manual Training. Plans are being worked out for a closer articulation between the Grammar and High School. It is probable that the enrollment the first term will be greater than last year, and then a second Freshman class will enterin January.

The last Legislature passed a law requiring each high school to make provisions for physical training. Each student must have two hours of such traning a week. For the coming year such instruction will be given through games and military drill in whch all students must take part unless physically unable to do so.

The State Normal School will demand hereafter that all girls preparing to be teachers shall have one year's instruction in Domestic Science at entrance. In view of the emphasis now put on such instruction by the U. S. Government it ought not be necessary for me to call attention to its importance.

Students having books to sell must have them on hand the first morning Nothing will be quite as useful during the year as a good fountain pen. We hope each student will come supplied with one.

Last year's daily program will be followed in the main.

S. P. McCREA,
Principal

PETER B. KYNE, AUTHOR, WILL JOIN ARTILLERY

Peter B. Kyne, well-known short-story writer and author of "Cappy Ricks" stories, "The Three Godfathers," "Silver Threads Among the Gold" and others, will be one of the officers of the Santa Clara valley battery, now in process of formation in that city, according to recruiting offcer, Captan R. I. Bentley.

Captain Bentley said yesterday that in all probability Kyne would enter upon his services as soon as the new battery is federalized, which will take place, from all indications, on next Frday.

Notice to Traffic Officers And to Automobile Drivers

I, Franklin Swart, district attorney of San Mateo county, hereby call public attention to the following instructions issued to the traffic officers of San Mateo county regardng the enforcement of the new headlight law and to the provisions of this amendment to the Motor Vehicle Act:

"July 23, 1917.

"Mr. Fred Vallejo,
"Traffic Officer,
"Halfmoon Bay, Cal.,

"Dear Sir: I am this day sending a copy of the new headlight law and suggestions of the Motor Vehicle department to the San Mateo News for publication ,this being the only daily newspaper of the county. I am writing the other newspapers requesting them to copy this law and these suggestions. I am also writing to each one of the traffic officers. We shall give all publicity to this law that can be given, and I shall expect the traffic men to July 27th, the first day it goes into effect.

"I suggest to you that you acquaint yourself with the new motor vehicle act and that you enforce it most rigidly. There is too much speeding, too much cutting in, and too much careless driving in general, and even though it may for the time not be popular, I believe the people of this community and the different magistrates will stand behind us in enforcng the law.

"I expect you to arrange among yourselves to work certain nights each week, and in lieu thereof to be excused from work during that day, or a portion of that day.

"If you have not received copies of the new headlight law I refer you to the San Mateo News for the same, and respectfully request you to enforce the law to the limit.

"Thanking you for your continued co-operation, I am,

"Yours most truly,
"FRANKLIN SWART,
"District Attorney San Mateo County."

The new headlight law follows:

New Headlight Law

That portion of the amendment to the Motor Vehicle act which applies to headlights will go into effect on July 27, 1917, and reads as follows:

"(d) At the time and under the before specified the headlights of all motor vehicles upon the highway shall give sufficient light to reveal any persons, vehcle or substantial object on the road directly ahead of such vehicle; provided, further, that at least one hundred fifty feet, and shall also give sufficient side illumination to reveal any person, vehicle at a distance of 25 feet to the side of said motor vehicle at a point ten feet ahead of the lamps; provided, however, that such headlights shall be so constructed or arranged that no portion of the beam of reflected light when measured seventy-five feet or more ahead of said lamps shall rise or shall be capable of being raised from the driver's seat to more than forty-two inches above the level surface on which the vehicle stands ahead of such vehicle; provided, ufrther, that the term "headlight" as used herein, shall denote any light, irrespective of its location upon the motor vehicle, the rays of which are projected forward, except sidelights of not to exceed four candlepower, and that the term "beam of reflected light," as used herein, shall denote the approximately parallel focalized rays gathered and projected by a reflector, lens or other device; and provided, further, anything herein to the contrary notwithstanding, that where there is suficient light within the lateral boundares of the public highway within any incorpoarted city, town or cty and county, to reveal all persons, vehicles or substantial objects within said boundaries for a distance of one hundred fifty feet, no lights shall be required to be displayed on any vehicle while the same is not n operation, provding that the wheels of such standing vehicle nearest the sidewalk are located within six nches of such sidewalk."

In the compliance with and emforcement of these provisions of the law the following suggestions issued by the legislative board of the American Automobile Association, after exhaustive experiments by experts of the Society of Automobile Engineers and the Safety First Federation of America, are recommended both to owners of motor vehicles and local police authorities:

"To ascertain when a light is 42 inches from the ground at a distance of 75 feet in front of the car, the following instructions are given:

"(a) Have the light focused so that the reflected rays will be condensed in solid volume as much as possible, and so as to eliminate stray rays as far as possible. To focus a light, place the car in front of a building or any perpendicular flat surface of sufficient size at a distance of ten or fefteen feet and by adjusting the bulb backward or forward reduce the area of light as much as possible, and make the light from both lamps as nearly uniform as possible. This is the most difficult of the three things necessary to overcome objectionable glare.

"(b) Place the machine on the level and measure a distance of 75 feet to the front.

"(c) Make a mark on a board, broomhandle or on the coat of an individual 42 inches from the ground and see that the upper circumference of the solid volume of reflected light does not strike above that mark at 75 feet in front of the light. Police officers and others may easily determine the distance form the ground by noting a certan button, pocket, lapel, o rany other distance-mark on their wearing apparel. By stepping in front of the machine on the level at a distance approximately 75 feet, they may easily determine whether or not the lights are properly reflected.

"There are some reflectors that because of their improper construction being either too fat o lrtoo deep)) would make it impossible to secure a condensation of the main rays. In such cases different reflectors will have to be secured.

CITY OFFICIAL PAPER

Saturday, August 4, 1917.

"THE FREMONT NEWS"

"The Fremont News" to be established at Menlo Park by the editor of the Times-Gazette, will make its initial appearance next week. It will be first conducted as a weekly journal but later t is to be converted into a daily. Suitable headquarters have been secured on the main street of Menlo Park where it will be edited. A complete corp of news gatherers have been secured to collect all the items of interest at the new camp so that the public will be well informed of the doings at Uncle Sam's cantonment at that place. We ask the cooperaton of the public in making the paper a success.

Ernest Werder assumed the duties of purchasing agent on August first, having been appointed some time ago to that position by the board of supervisors. The board could not have made a more popular appointment or selected a more competent man to fill the arduous duties of that position. Mr. Werder has resided all his life in Redwood Cty. He is a product of the grammar schaal, well informed on public affairs and an accountant of more than ordinary ability. We predict for him success in his career as county purchasing agent.

NO FEAR FOR DEMOCRACY

Senator Hiram Johnson of California sees no peril to our democracy in granting at thsi time autocratic powers to the President for the conduct of the war. He believes the people will be quick to resent any abuse of the powers conferred by Congress, and for that reason the administration will exercise its great authority with the strictest care. "A real democracy sure of itself", asserts Senator Johnson, "may in safety centralize its power for its own protection." In Mr Hoover the Senator believes we have a man peculiarly fitted for the position of food administrator. He has already distinguished himself as a world figure, and he has, to use the words of Mr. Johnson, "been striving for humanity with an altruism that challenges the admiration of affection of us all."

RELIEF FOR MINERS

The President has given his approval to a resolution relieving owners of mining claims who are in the military service from performing assessment work during the period of the war. Congressman Burton L French of Idaho has given his earnest attention to legislation along that line and early in the session introduced a bill very similar to the one which has become a law. He favors also the extension of the exemption to all holders of mining claims, contending that men may work much more profitably on the farms and orchards of the country at the present time than in perfecting their claims. A bill with that object in view is now before the House and t is sure to have the votes of Mr. French and other Western Republicans.

DATA ON AVIATION

Congressman Simeon D. Fess of Ohio has the honor of representing the district in which is located the great Wilbur Wright aviation field the largest of its kind in the world He has had the privilege of witnessing some of the early experiments of the Wright brothers and was one of the spectators of the first aeroplane trip which carried merchandise from one city to another. These facts have caused Mr. Fess to take a great interest in heavier than air machines and have led him to make a study of the history of the art of flying. The result of his researches he has placed before the House in a most entertaining manner in connection with the discussion of the aviation bill passed recently by that body.

THEY'LL ASK LATER

The German Chancellor in his maiden speech to the Reichstag declares that Germany, though wanting peace, will not ask for it. There is an old adage in our tongue which says that what is worth having is worth asking for.

McADOO SPONSOR FOR DENMAN

A newspaper sympathizer with the President tries to condemn both Denman and Goethals from whom, is says, better things should be expected inasmuch as Mr. Wilson chose both of them to relieve him of worry and labor. This does not correspond with our information. Goethals was chosen, it is true, and taken from his task in New Jersey to undertake the task of constructing a federal merchant marine. But Denman as we get it, was wished on to the President by Secretary McAdoo.

BITS OF WISDOM

New York Times—There is something the matter with a censorship that withholds from publication perfectly innocent news dispatches that even would be most salutary if published here, while permitting injurious and treasonable falsehoods to be sent out from the country all over the world.

Evidently Root is the man who put the rush in Russia.

CONSTRUCTION WORK STARTS ON SHIP BUILDING PLANT

The San Francisco Ship Building Company has awarded a contract to A. W. Lowe, the veteran well borer, to sink an artesian well at a depth of 300 feet. Mr. Lowe will begin work at once. The company will award contracts for the construction of ways, yards and buildings for the mechanics. Concrete ships will be constructed by the company which has been capitalized for a large sum. A large tract of land was recently purchased by the concern from the harbor company on the water front and it is here that work will begin at once to establish a large plant for the construction of these modern ships. A number of the wealthy men of San Francisco are back of the enterprise which is certain of success.

YOUNG BACHELORS TO GIVE DANCE SEPTEMBER 1ST

The announcement by the Young Bachelors of their tenth Grand Ball to be held Saturday, September 1st at Foresters' Hall, is a joy bomb for all dancers, as the Young Bachelors always conduct dances that are noted for their large and orderly crowds. The attendance as well, represents every locality in the county, as well as Santa Clara, from South City to Sunnyvale. There are no dances in the immediate vicinity on that night and this fact coupled with the large advertsng that s being done means a large crowd.

A Prize Waltz will be held at 11 o'clock. The first prize of the six offered will be tow beautiful loving cups, which are now on exhibition at Knox's Toggery ,and others will be valuable merchandise orders. Judges that understand good waltzing will be picked from different parts of the county which means that every contestant will be assured a fair chance in the contest. The Young Bachelors cordially invite all spectators to come and witness the big event.

MISS BARG APPOINTED TEACHER AT POMPONIA

Miss Freda Barg, daughter of Mr. and Mrs. John Barg of this city, received an appointment as teacher at the school in Pomponio and left Redwood City Sunday for that place in order to be on hand for the opening of school Monday. Miss Barg is a graduate of the local high school and also from the state normal school at San Jose.

APPLIED FOR LETTERS OF ADMINISTRATION OF MINORS

Nicholas McNamara of San Mateo has applied in the superior court for letters of administration upon the estate and persons of Justin McNamara, aged 16 years and Alyosius McNamara, aged 18 years. The estate of the minors consists of an interest in the residue of the estate of Julia McCarthy, which is now in process of administration in the superor court of San Francisco. Petitioner is the father of the boys. On August 9th the petition will be heard by Judge Buck.

SNAPPY REDWOOD CITY ITEMS

The Bank of Italy has taken over the Redwood City Commercial Bank and the Savings and Loan Company of San Mateo county. The deal was closed late yesterday. It is not known what the personnel of the bank will be, however, Mr. John B. Weller will remain as manager. The new owners will take charge of both institutions today.

Hose Company No. 4 of the local fire department held its monthly meeting last Tuesday in the Old Town Hall on Main street. A large attendbusiness was transacted. Following the business meeting the members adjourned to the banquet table where a sumptuous repast was served. During the course of the refreshments Charles "Art" Foley gave an interesting narration elucidating the intricacies of the aerial profession, in telling of his experiences while flyng from the Cape of Good Hope to Greenland, whch held the audience enraptured during the course of the narrative. Antone Patricus Sardinius told how he used to dive for the elucive sardine. Rinaldo Lombardini closed the meeting and speechmaking by givng the members present a lengthy dscourse on expert and high financiering.

Dr. J. J. Borden, of the agricultural department of the government, inspected a sample shipment of water buffalo hides from China at the Frank Tannery yesterday. This is the doctor's first visit to Redwood City and he was delighted with the city and vicinty.

About 25 soldiers of Camp Fremont at Menlo Park were entertained by Redwood Parlor, N. S. G. W. at the regular meeting of the parlor Thursday evening. The young men belong to the engineering corps and are members of the society. After the routine business, refreshments were served the soldiers. All enjoyed the occasion and went home with big apparciation of the local parlor. Early in the evening John Layng, Will Barg and W. H. Lampkin in three machines motored to Menlo Park and conveyed the young men to Redwood City showing them through the court house and escorting them about town.

Rose Williams, through her attorneys Kirkbride and Gordon of San Mateo, has brought an action in the superior court against her husband, John J. Williams for separate maintenance. The suit is only a forerunner of a divorce action.

There's nothing so cool as an oil stove for summer cooking. All the heat is concentrated on the cooking and not radiated about the kitchen.

Cooks everything any wood or coal range will cook, and cooks it better, because of the steady, evenly-distributed heat.

Use it all the year 'round—more convenient than a wood or coal stove, and more economical.

The long blue chimneys prevent all smoke and smell. In 1, 2, 3 and 4 burner sizes, with or without ovens. Also cabinet models. Ask your dealer today.

Miss Inez Jameson is spending several days in San Jose, the guest of her aunt, Mrs. A. McDonald.

Mrs. Fred George and her two pretty daughters ,Miss Ruby and Miss Pearl, returned Tuesday from a two weeks' sojourn at Santa Cruz.

C. K. McClatchy, the talented editor of the Sacramento Bee, was here Thursday in connection with the estate of Josephine Brown, deceased. Mrs. Brown was an aunt of Mrs. McClatchy. Mr. and Mrs. McClatchy were both very much pleased with Redwood City and the peninsula.

John D. Willard, the well-known attorney, has moved his office from the Merchants National Bank building to the Hobart building, San Francisco, where he has elaborate quarters at rooms 418 and 419. His telephone number is Sutter 4785. Mr. Willard resides in Redwood City Highlands.

Some mischievous boy or boys defaced the front walls of the new Redwood Theatre during the week. The playhouse was newly painted and these miscreants smeared the paint and wrote obscene sentences across the front of the building, necessitating the painting of the whole front portion of the structure. Mr. A. Belasco offers a reward of $50 to any one who will give any information that will lead to the arrest of the guilty parties.

Miss Edith Carleton has resigned her position as chief stenographer in the office of the California Pacifc Ttle Insurance Company, and has accepted a smilar place in the district attorney's office in the courthouse. Miss Carleton is an expert stenographer and typist. She graduated from the commercial department of the local high school two years ago. Miss Carleton succeeds Miss Gertrude Pitcher who resigned the place some weeks ago.

The City Market, owned by Thompson and Casaretto, was sold yesterday to G. B. Merrill of this city and formerly the local Wells, Fargo & Co. agent. Mr. Casaretto, who enlisted in the army last Saturday, left yesterday for Fort Mason, where he will likely be assigned as a meat inspector for the government. Mr. Merrill has retained the services of Mr. Thompson, who will remain in the shop for the present.

H. W. Schaberg, for nearly thirty years treasurer of Redwood Parlor, N. S. G. W., resigned his position at the meeting of the parlor Thursday evening. The members were loath to accept it but owing to Mr. Schaberg's press of business, they finally did so. Mr. Schaberg was visibly affected when the resignation was accepted. During his term of office he has handled many thousand dollars of the parlor's money. Frank Towne, assistant cashier of the First National Bank, was appointed to fill the vacancy.

A. Belasco, proprietor of the New Redwood Theatre secures all his printing material in the two local printing offices and does not take his work out of town. By an oversight some of his announcement cards failed to have the union label on them but this was no fault of Mr. Belasco. He patronizes none but union shops.

Joseph J. Bullock has been recommissioned a notary public in and for San Mateo county by Governor William D. Stephens. His commission arrived yesterday.

SAN MATEO COUNTY EXTENDS WELCOME

Nothing Too Good for U. S. Boys Who Stand for Defense of Our Country

Acting President of the Stanford University, John M. Stillman, is becoming much alarmed on account of the close proximity of Fremont Camp to the university, as he fears that it will have a bad effect on the morals of the coeds. The learned professor need have no fear of the soldier boys. The young ladies will not come to grief on account of those who wear the khaki, if they do it will not be the fault of the sodiers but their own shortcomings that will cause them trouble. The following editorial that appeared in the San Mateo News is apropos:

"According to his own statement, Acting President John M. Stillman of Stanford University fears that the proximity of Camp Fremont to the campus and to the many women students domiciled there might have a very disastrous effect on the morale of the college community. Without going into details, he made it plain to the army officers that all the troops must be quartered more than a mile away from the campus, and that it would not be displeasing to him if the encampment was moved away from that neighborhood altogether.

This means either one of two things, as far as Dr. Stillman is concerned. Either he has little confidence in the moral sense of the Stanford coeds or has a mighty poor opinion of the men who constitute the National Guard and wear the uniform of the United States soldier.

It is only right that the University shoud ever be mindful of the welfare of the young men and women who are receiving their educations there, and it is perfectly proper for Dr. Stillman to feel that the University has a certain responsibility regarding their environment. But he should remember that the army offcers in charge of the camp have agreed to guarantee that no person shall permitted to enter or leave the army camp from the University side and it is customary for Uncle Sam to keep his promises.

Dr. Stillman might also bear in mind that no such restrictions will be placed on the solders from the Menlo Park side, and that they will be allowed the freedom of that town whenever the regulations of the camp permit them to leave the grounds. We hope he does not think for one moment that the mothers and fathers of Menlo Park are not just as particular about their daughters as the University is about its coeds. We hope he does not think the girl students at the University are so unsophisticated as to fall for everything in brass buttons, and are so lightheaded as to overstep the bounds of propriety at the earliest opportunity. If Dr. Stillman has any such ideas, he should disabuse his mind immediately. Menlo Park is just as particular about its girls as the University is about its charges, and the soldier boy at Camp Fremont will be no more apt to turn a girl's head than the average football hero. The difference lies in the point of view. Menlo Park has confidence in its young women and realizes that the men assembled at Camp Fremont will constitue America's finest young manhood, while Dr. Stillman seems to lack confidence in the coeds or to regard the soldier boy as an objectionable sort of person who might contaminate the college campus.

The Stanford savant is in the same category with the theatrical man who tried to bar soldiers in uniform from his playhouse. The case was taken to the courts, and the theater owner was given to understand that a soldier is not to be regarded as a pest ,but as any other human being.

A good deal of this prejudice against the soldier is bound to disappear in America before the conclusion of the war. The country's finest young men are being called to the colors, and only those who are mentally and physically fit are being chosen. Before many months have passed, the transformation will be complete, and the country will begin to realize that the young men in the army are among the best in the land.

Menlo Park wants the soldiers; Redwood City wants them; San Mateo county wants them, and all of Santa Clara county wants them, with Dr. Stillman possibly the only exception.

Miss Catherine O'Day has returned from a brief vacation spent at Santa Cruz. Miss O'Day is a stenographer in the accounting department of the Southern Pacific Company in the Flood building, San Francisco. Mayor James Rolph was here on Tuesday making a tour of Camp Fremont and consulting with the business men of the town concerning the accomodations for the soldiers when they arrive next week. Mr. Rolph expressed himself as well pleased with the preparations being made. He was delighted with the camp site and declared it to be the best located of any in the country. Through the influence of the mayor the camp was located in Menlo Park.

J. W. Lowe is drifting an artesian well for Charles N. Felton here. It is to be sunk to a depth of 225 feet. A good flow will be secured at that depth. Mr. Lowe is one of the best well-borers in the state, having constructed nearly all the wells on the peninsula and others portions of the country. Mr. Felton is having the old home renovated and remodelled preparatory to moving into it for the summer. The mansion has been vacant ever since the death of Senator Felton several years ago.

Watch out for the "Fremont News" next week. It will make its initial appearance at that time. It will be conducted under the management of the Times-Gazette. The "Fremont News will contain all the latest gossip of the camp and surrounding country. Be ready with your money when the solicitor calls for your subscription. It is the fond hope of the editor to soon convert the Fremont News into a daily paper. We expect the heartiest support from the people of Menlo Park to which the paper will be devoted and dedicated to its best interests.

The engagement of Miss Gertrude Hopkins and William Gregory Parrott was announced during the week. The pretty bride to be is the daughter of Mrs. Sherwood Hopkins and the late Sherwood Hopkins. She is a niece of E. W. Hopkins of this place. With her mother she resided at the James D. O'Kane home here some years ago and is well-known in local society circles. The young lady is accounted one of the prettiest young women in San Francisco. Mr. Parrott is the young son of Mr. and Mrs. John Parrott and grandson of Mrs. Abby M. Parrott.

Mrs. Frank Bracesco and children have gone into the mountains at Los Gatos to spend a month.

H. G. Buck, an enterprising business man of San Francisco, has leased the old Reach blacksmith shop on El Camino Real and will transform it into a pool and billiard hall. The ancient structure erected nearly fifty years ago, will be moved to the front of the street, thoroughly renovated and enlarged. Mr. Buck is to put in eight pool tables, a square grand piano and other attractive fixtures. There will also be a lunch counter where hot lunches are to be served at all hours. Mr. Buck will also dispense soft drinks, tobacco and cigars. It promises to be one of the popular resorts of the new town.

A fire started in the attic of the building occupied by Mr. John L. Fox, gardener for Charles Holbrook at the latter's place early Sunday morning. The fire department responded promptly but there being no hydrant close by, the house was destroyed, but during the blaze the hose was attached to a hydrant at the Felton home some distance away adjoining buildings. The structure and the department was able to save destroyed was a two story building and valued at about $4000 and was partly insured. The cause of the blaze is unknown to Mr. Fox and his family have rented the Mrs. Burke cottage on El Camino Real and for the present Mrs. Burke will reside with her daughter at Palo Alto.

Henry Clark, a former conductor on the coast division for the Southern Pacific Company but now a big mine owner of Globe, Arizona, called on friends here last Saturday. He was on his way to Capitola where he is to spend two months. Mr. Clark is pleasanty recorded in Menlo's past being at one time a leader of all the social events that took place here, this was when Menlo Park was the terminal for all evening trains and before Palo Alto figured among the peninsua towns. He was an expert basebal player and was instrumental in organizing a team that defeated all similar organizations from San Jose to San Francisco. Mr. Clark was also a great favorite with the ladies and no social event was or could be a success without his presence. Mr. Clark left here twenty-two years ago.

A disastrous fire took place here at an early hour yesterday morning. At four o'clock the fire department was called to the Coxin corner which was ablaze. The flames had got such a headway that it was impossible to save all the building. The firemen did good work in saving a portion of the structure and adjoining houses. The cause of the blaze is unknown but it is believed it was started by the crossing of electric wires. The loss is partly covered by insurance. Only a few days ago, the place was leased by Louis Kert and Frank Kirkpatrick and they were renovating it. Mr. C. Schenkel, who had conducted a pool room on the corner for several years was about to move out. He was able to save all his furniture and moved it to the Headley house on Oak Grove avenue. Mrs. Coxin, the owner of the property says a new building will be erected at once.

Miss Isabella Weeden, the singer, made her first public appearance last Monday evening in the Greek theatre, University of California ,under the auspices of C. R. Morse, the noted vocalist and teacher. Miss Weeden was well received, being accorded great applause. The floral tributes were many. She was given innumerable press notices by critics.

The Menlo Park Red Cross meeting at the school house is deeply grateful for the check received from the Menlo Park Horticultural Society. This together with the amount sent in by Menlo Porlor N. D. G. W. has been most welcome. It is, indeed, a source of great help and encouragement.

The soldier boys of the quartermasters department feel very grateful to the Menlo Park girls for the enjoyable dance given them on Thursday evening in the Hall of the Nativity. About 100 soldier boys were present and all enjoyed the occasion. Catchy music was provided by the boys in khaki. Refreshments were served on the stage of the hall to the delightful .

Bolles, for a number of years Federal Inspector of Hulls and Boilers at the port of San Francisco, passed away Tuesday night at her home on Santa Cruz avenue following an illness of long duration. She leaves a large estate. Interment took place at Cypress Lawn yesterday.

Frank Derry has been the first young man from Menlo Park to be called to the colors. He registered in San Francisco on June 5th and on Wednesday last received his notification to appear before the exemption board in San Francisco next Monday for examination. Mr. Derry is a commutter and is employed by the government at the Presido.

MORAL WELFARE EFFORTS URGED

The address of Prof. Marx of Stanford on providing clean, moral surroundings and wholesome entertainment for the soldiers at Camp Fremont at the Baptist Church, Sunday evening, was very instructive and awakened a deep interest in the matter on the part of the audience. As a result of the discussion, steps will be taken by the different organizations in the town, religious and otherwise, toward furnishing proper local entertainment for them.

Prof. Marx is one of seventeen on a committee appointed by the Governor to act in conjunction with Federal officers in looking after the moral welfare of the camps in the state. He spoke of the importance of the work, both for the whole state and locally and expressed his regret that all the officers of the town were not present that he might discuss the subject with them. The task and difficulty of building a city as large as Berkeley, in a brief period of time, was comented upon. The moral surroundings for these young men coming from diverse sections of the country, and suitable entertainment, must e carefully guarded. The War Department is much concerned over the matter. At a meeting of the committee together with mayors, sheriffs and district attorneys held in San Francisco recently the whole matter was gone into carefully, and great interest was manifested by all present—a determination manifested to do everything in their power to protect th boys from evil and to give them wholesome entertainments. Speaking locally, for Fremont Camp, the Professor said that the one spot the Committee was anxious about was Redwood City with its open saloons; that it would be difficult to entirely control the soldiers who might frequent the town; that it might become necessary for the government to place an embargo on the town, thus keeping the soldiers out of it entirely.

In closing, the speaker outlined the organization just formed in Palo Alto for providing good entertainment for the camp, and suggested that the same thing be attempted for Redwood City; that Prof. Swain who was made President of the organization, and others would be glad to give their assistance in such an effort. The audience was in full sympathy wth the address and expressed the desire to cooperate heartily in the work suggested.
